

ADVENTISTS IN QUADRENNIAL SESSION

ELDER M. D. WOOD, WHO LABORED SEVEN YEARS IN INDIA AS A MISSIONARY, TELLS OF WAY ADVENTIST MISSION WORK HAS PROSPERED IN THAT LAND

MRS. WOOD SPEAKS OF HER WORK IN INDIA

Wearing a large yellow turban, and clad in a white palm beach suit, to illustrate to his congregation the manner in which the missionary in India must dress, Elder M. D. Wood, who for seven years has labored under the Seventh-day Adventist Foreign Mission Board in that country, and who is in America on furlough, spoke at the Adventist church at California and Isabel streets Wednesday night, and told of the Providential manner in which Adventist mission work has progressed in the land of Mohammedanism.

Mrs. Wood, who is a physician of long experience, wore the clothing characteristic of the high caste native women. She spoke briefly, following her husband's narration of the growth of the mission at Kalyan, with which they have been connected, from ten acres of ordinary pasture land, with no buildings whatever, to a small village, whose occupants are busily engaged in treating the sick, attending the mission school, or giving instruction in Bible truths adapted to the understanding and needs of the native people. Before Elder and Dr. Wood left India on their present furlough, she had been conducting three dispensaries, and with native assistance, treating 20,000 patients a year.

"There is no such thing in India," she said, "as a girl between the ages of 13 and 17 years. So we are unable to train girls to become nurses. But we can train little women, and there are many of them, of tender years, who have become widows. Those who come to us, we endeavor to train as efficient helpers in treating the multitudes who are afflicted with various diseases.

"Our dispensary, school and other buildings are located upon what we call Sunset Ghat, that is, Sunset Hill. Another hill is to be seen near

it, and a ravine runs between the two. In former years the natives called this location the Black Hole, for when the farmers harvested their grain, robbers would lie in wait in the gulch to steal the grain. If the farmers objected, they lost their lives. Thank God, it is not a black hole any longer, but indeed a sunset hill, an eminence from which are reflected the rays of gospel light into the minds and hearts of the people living in that district of India.

"Beginning medical work in India is exceedingly interesting. The natives bring their servants. If the servants improve in health, the masters come. How afraid they are of the surgeon's knife! It is not expected that I treat anybody except women. That is my chief work. But the women have husbands, and the children have fathers and brothers.

"These same husbands and fathers and brothers hold womankind in very low esteem. In their estimation a woman is a mere chattel. All a man has to do to divorce his wife in India is to get five witnesses, and tell her to go. She has absolutely nothing to say about it. But a woman never can divorce her husband.

"One day I was operating upon a Mohammedan woman, and her father walked the floor, muttering something to himself. I had ordered him out, but he did not go. If my husband had told him to go, he would have done so at once, but I was only a woman, so my word didn't amount to anything. He continued to walk, and to mutter. He annoyed me. Finally I stopped to listen to what he was saying: 'God has made a great mistake; God has made a great mistake.' 'What's that you are saying?' I said to him. 'God can't make a mistake. What do you mean?' He said, 'God made a big mistake when he made you a woman.'

REAR ADMIRAL PEARY DIES

DISCOVERER OF NORTH POLE EXPIRES AT HIS HOME OF PERNICIOUS ANAEMIA

(Special Service to Glendale Evening News)

WASHINGTON, Feb. 20.—Rear Admiral Peary, discoverer of the North Pole, died at 1:25 a. m. today. His death occurred at his home here where he was taken after a recent operation for pernicious anaemia at the naval hospital here. After an operation for blood transfusion Peary showed a change for the better and was taken to his home where he appeared to be recovering. Yesterday he seemed to be quite strong but during the night suffered a relapse.

ARMENIAN VILLAGERS MURDERED

ANNIHILATION THREATENS 150,000 IN CILICIA WHERE SITUATION IS INCREASINGLY SERIOUS

(Special Service to Glendale Evening News)

LONDON, Feb. 20.—The population of seven villages in Vilayet in Adana, Turkish Asia Minor, have been murdered by Turkish national rebels, according to semi-official advices reaching here today.

The Armenians have appealed to allied authorities to provide them with arms. Advices indicate that the situation in Cilicia where 150,000 Armenians are in danger of annihilation, has become more serious.

DEBATE ON HOME RULE POSTPONED

HOUSE OF COMMONS TO TAKE UP MEASURE TO SETTLE IRISH QUESTION NEXT WEEK

(Special Service to Glendale Evening News)

LONDON, Feb. 20.—Debate on the Irish Home Rule bill, scheduled for today, has been postponed in the House of Commons until next week. It will probably come up Tuesday.

BOLSHEVIKI CAPTURE ARCHANGEL

WIRELESS DISPATCH TO LONDON STATES ARCHANGEL GARRISON HAS JOINED "REDS"

(Special Service to Glendale Evening News)

LONDON, Feb. 20.—A wireless dispatch from Moscow claims that the Bolsheviks have captured Archangel and that the Archangel garrison has joined the "reds."

BURGLARS AT NORWALK

USE ACETYLENE TORCHES TO BREAK INTO VAULT AND TAKE BONDS, CASH AND OTHER VALUABLES

(Special Service to Glendale Evening News)

LOS ANGELES, Feb. 20.—Cracksmen effected an entrance to steel vaults at Norwalk this morning just before dawn and looted them of several thousand dollars' worth of Liberty bonds, cash, and other valuables. Gaining entrance through a rear window the burglars used acetylene torches to break into the vault. The exact amount taken has not been ascertained. A posse was dispatched from the Sheriff's office to search for the four men who were overheard discussing plans to "call a job" in Venice.

U. S. SENATE WATCHES NEW YORK

ACTION OF N. Y. REPUBLICAN CONVENTION ON PEACE TREATY WILL HAVE IMPORTANT EFFECT

(Special Service to Glendale Evening News)

WASHINGTON, Feb. 20.—Senators here were watching the Republican State Convention in New York to see the stand it takes on the peace treaty. Interest apparently is whetted by the growing feeling that the treaty is slated to be a central issue in the national campaign. The action of New York is important because of the attention it will attract and the example it will set.

SHIP SALES HELD UP

DISPOSITION OF GERMAN LINERS TO AWAIT ESTABLISHMENT BY CONGRESS OF MERCHANT MARINE POLICY

(Special Service to Glendale Evening News)

WASHINGTON, Feb. 20.—The Senate Commerce Committee today ordered a favorable report on the Jones bill to prevent the sale of former German liners by the Shipping Board until Congress has authorized it. The vote was 9 to 3. The bill provides that the Shipping Board shall not dispose of these vessels until Congress establishes a definite merchant marine policy. Meanwhile the Board shall renovate these ships using available funds and continue their operation.

The president gave direct approval of the Shipping Board's policy of selling these twenty-nine former German liners, Chairman Payne of the Shipping Board told the House Merchant Marine Committee today.

THE HIGH SCHOOL BOND QUESTION

REPRESENTATIVE CITIZENS GIVE THEIR REASONS FOR OPPOSING BOND ISSUE OF \$425,000, WHILE FAVORING SCHOOL IMPROVEMENTS TO BE MADE IMMEDIATELY

WOULD EXPEND \$150,000 AT PRESENT TIME

Shall we spend \$425,000 for the purchase of high-priced frontage and mammoth auditorium buildings as provided for by the call for the bond election of February 27 or shall we spend approximately \$150,000 for enlarging the present building at once and purchasing a new site on which to build at the opportune time?

The Union High School Welfare Association which favors providing immediately the school accommodations needed presents the following letters from interested citizens for your consideration:

Objects to Extravagance

The object of those who have formed the Union High School Welfare Association, is not to curtail or obstruct the necessary and desirable development of our schools, on the contrary they thoroughly understand the absolute necessity of a sound and efficient educational system conducted along business lines. What they do object to is extravagance in the use of Public Money for schools or any other public purpose, and the apparent inclination to use our liberal support of the schools for ostentation and show.

G. B. Woodberry.

Opposed to Bringing School Into Business District

As I have before stated I am very much against bringing the High School onto Brand Boulevard.

It seems to me that the school should plan to do what it will eventually have to do, viz: get away

from the business district. The school itself will gain by doing so.

I am in this splendid little city to stay and have its welfare at heart in the broadest sense of the word. I wish to subscribe myself thoroughly in accord with the constructive plans of the Welfare Association.

H. S. Webb,
H. S. Webb & Co.

Outlying Precincts Oppose Purchase of High-Priced Frontage

I am heartily in favor of doing something to relieve the present congestion in the High School but do not feel that the present time warrants the purchase of such high-priced property or of such expensive buildings. After talking with a great many in the outlying precincts of Crescenta and Glorieta I feel sure that I am voicing their sentiments also.

Max L. Green.

February 19, 1920.

Opposes School Bonds for the First Time

Dear Sir:

Answering your question: "How do I feel regarding the proposed issue of School Bonds?" I regret to say that I find myself for the first time in my life unable to support a School Bond issue.

For the increase of school room and auditorium facilities, I am in hearty accord, but upon two features of the plan, I am emphatically adverse:

(Continued on Page 7)

SECOND STREET TUNNEL

RECENT COURT RULING ASSURES TUNNEL AND IMPROVEMENT OF BRAND BOULEVARD

"Steve" Veselich of Glendale is very much pleased over the action taken by the Supreme Court Wednesday in reversing the ruling against the City of Los Angeles a month ago in regard to the Second Street tunnel and the improvements linked with it. The case grew out of proceedings under the 1913 Act and the court held that the contractors had not complied with all the required provisions of the City Charter. City Attorney Stephens secured a further hearing, however, and the court O. K'd the proceedings. Attorney Stephens has assured Mr. Veselich that the Second Street tunnel will now go through and all the other improvements covered by the proceedings including the improvement of Brand Boulevard from the Glendale city limits on the south to Lake Shore. It is a matter on which Mr. Veselich and the members of his committee of the Brand Boulevard Improvement Association have been working for years and they are naturally very much pleased. The Second Street tunnel will relieve traffic congestion and open up to Glendale automobilists a shorter and more direct route to the downtown district of Los Angeles.

RAINFALL .85 OF INCH

The rainfall for the storm which ended last night was .90 inches, according to H. E. Bartlett's gauge. The record for the season is now 9.44 inches, Mr. Bartlett said. The total given in yesterday's issue was wrong, owing to an error in calculation. T. W. Preston's gauge shows .85 inches for the last storm and a total of 8.95 inches for the season.

DOUBLE BIRTHDAY CELEBRATION

Mr. and Mrs. W. E. Grigg of 540 Fairmont Avenue are entertaining Mr. Grigg's parents and his sister, Miss Marian Grigg. In celebration of the birthday of her father-in-law and of her own mother, Mrs. Thorn, Mrs. W. E. Grigg is today giving a family dinner which is to be served at 2:30 p. m. In deference to Washington's Birthday a red and white color scheme will be carried out in floral decorations and table appointments and patriotic emblems will be used even upon the birthday cakes. There will be a cake for each celebrant, and they will be studded with candles. Covers will be laid for the host and hostess, their three house guests, for Mrs. Thorn, and for her daughter and sister of the hostess, Mrs. Eville, and two children.

MRS. GOODWIN'S PARTY

SOCIAL GATHERING FOR TUESDAY AFTERNOON CLUB BUILDING FUND

Mrs. H. P. Goodwin of 212 West Garfield Street was hostess at a charming social afternoon and tea party on Thursday given as a benefit for the Tuesday Afternoon Club building fund. Marigolds were used in the decoration of her living room, the spring flora—jonquils, freesias and hyacinths beautifying her pretty dining room, where light refreshments were served at the close of a brief musical program furnished by Mrs. S. R. Boyer and Miss Esther Phillippi. In spite of the rain, guests responded to the invitation with enthusiasm, those present being: Mesdames Harry T. Lockwood, W. W. Worley, Leslie Eames, Walter Stamps, R. H. Boyer, M. Newell, W. W. Hamilton, Andrew Findlay, H. Lee Clotworthy, Warren Roberts, H. H. Martin of Los Angeles, Misses Lucile Tholen, Clara Ringert and Esther Phillippi.

SUCCUMB TO GLENDALE'S CHARMS

R. H. Doose, wife and two sons of Winnetka, Ill., are visiting their parents, Mr. and Mrs. Emil Fram of 348 West Windsor Road. Mr. Doose is a carpenter and builder and has always had a soft spot in his heart for California since visiting Glendale eight years ago. At that time he tried out the California summer climate and is now experiencing what the winter climate is like. He is so well impressed with Glendale's winter climate that he is determined to locate here permanently just as soon as he can dispose of his property in the East.

CHAMBER OF COMMERCE DIRECTORS

Members of the Board of Directors of the Chamber of Commerce met Tuesday night at the City Hall and heard reports of committees and had some general discussion. A committee composed of Messrs. Coker and Rudel was appointed to look into the proposed extension to Griffith Park and ascertain if possible the most practicable extension, whether by Broadway or Colorado street. A report from the committee appointed to arrange for a Chamber of Commerce supper which was composed of Dr. Russell, Mrs. Stockbridge, Mr. Coker and Mrs. Bacon, was submitted by Dr. Russell.

WEATHER FORECAST: Unsettled weather with occasional rains tonight and Saturday.

TRUSTEES' MEETING

DR. CHASE RESIGNS AS HEALTH OFFICER AND DR. ECKLES IS APPOINTED

The Board assembled at 8 o'clock, February 19, 1920. There were present: Trustees Henry, Muhleman, Shaw, Woodberry. Absent, Trustee Jackson.

A written communication was presented from the Glendale Sanitarium and Hospital requesting that a permit to operate the same be issued by the Board of Trustees in accordance with the ordinance covering the same. On motion of Trustee Henry the request was granted.

Dr. R. E. Chase, Health Officer, presented his written resignation of that office, to take place as soon as successor can be appointed. On motion of Trustee Henry, the resignation was accepted.

A communication was read from Henry C. Jensen, petitioning the Board to close and vacate the alley directly back of the Palace Grand theater running between Brand Boulevard and Orange Street, and from Broadway to Wilson Avenue so that the petitioner may extend his theater building through to Orange Street. On motion of Trustee Henry the request was denied.

The City Clerk reported the filing of a claim and demand upon the City of Glendale by Attorney M. A. Woodward on behalf of the parents of Cecil H. Baisley, who was shot by a police officer of the city on the 16th of January, 1920. On motion, the claim was referred to the Finance Committee. Later the Finance Committee reported back disapproved, this claim, and on motion the action of the Finance Committee was sustained.

Demands were presented and referred to the Finance Committee, and later reported back approved. Warrants were ordered issued in payment of same.

The City Manager made a report on the bids referred to the City Engineer and himself at the previous meeting, for the drilling of a well on the city's lot on San Fernando Road, recommending the acceptance of the bid of the Southern California Drilling Company at four dollars and fifty cents (\$4.50) per foot. On motion of Trustee Woodberry, the report was adopted and the bid accepted in accordance therewith.

(Continued on Page 8)

FORMER RESIDENT RE-VISITS GLENDALE

Mrs. William Malcolm, a former resident of the Tropico district, spent a day with Mrs. J. R. Maxwell this week and met some of her old friends who were delighted to see her again. Her husband, Prof. Malcolm, was principal of the Cerritos Avenue School during his residence here, and his daughter, Mrs. John Kirkham was married in the Tropico Presbyterian Church. The Malcolms have an alfalfa ranch near Zelzah, where their son-in-law is also established on a ranch of similar kind. They enjoy their home there, but Mrs. Malcolm was glad to see Glendale and old friends again.

VISIT ORANGE SHOW

Mrs. H. D. Goss and the group of friends and relatives she is entertaining motored to San Bernardino Tuesday and took in the Orange Show. The visitors were very much impressed by the display and Mrs. Goss declares it is wonderful, the lemons and grapefruit being especially fine. It is much like a county fair, she says, in the variety of exhibits of an agricultural nature which are on display in addition to the citrus fruit. The party included Mrs. Frank Baxter of Windom, Minn., Mrs. Slate of Broadwater, Neb., and Mr. and Mrs. T. M. Dryden, the parents of Mrs. Goss.

FROM "THE VALLEY OF THE MOON"

Rev. Eugene Brown and wife of Santa Rosa, Sonoma County, are in Glendale as delegates to the Seventh-day Adventist Pacific Union Conference. It is in the nature of a honeymoon trip for them, as they were married but three months ago. Rev. Brown's aged parents live at Huntington Park and he goes down to spend every night with them. He and his father were both formerly in the newspaper business. Rev. and Mrs. Brown are both very much in love with Sonoma county, the "Valley of the Moon," as the name means. One of Jack London's books bears the name quoted and in it he tells much of the beauties of the region around Santa Rosa, which is about 40 miles north of San Francisco. It has become well known by its output of prunes and many varieties of apples.

Are You Interested In Building ?

Are you thinking of a home?

Are you interested with others in some building for public use?

You are going to be careful about the contractor you select for so much depends on him.

Bessie Jones of Glendale,
Was to wed Tom Brown.
Tom was a good fellow,
Best of the boys in town.

Bessie loved Tom dearly.
"He's good as he can be;
Of all the girls in Glendale,
I'm most fortunate," said she.

All would have run smoothly
But Bessie, one fine day
Sauntered down Brand Boulevard
And there she met Ted Gray.

Ted came out of Berman's
In some brand-new clothes,
Made as Berman makes them,
As you may suppose.

And he did look stunning;
She eyed him up and down.
Saw at once the difference
Between him and young Brown.

Bessie sent a note to Tom,
"We'll call it off," she wrote,
"Unless you go to Berman's
And get you a new suit."

"For the man I marry
Must always be well-dressed."
Of course Tom went to Berman's
And you can guess the rest.

ADVENTISTS IN SESSION

(Continued from Page 1)

man.' So, for the benefit of you medical missionary women who may go to India, I want to say that you aren't expected to have any brains.

"When these little women of India come as patients, they become interested in the message of salvation, the message of God's love, and for the first time they grasp the fact that somebody cares. You folks in America sing beautifully. 'His heart is touched with my grief,' but if you could see such words of comfort and cheer sink into the heart of the Hindu widow who has never known the meaning of love, your hearts would rejoice with those of the missionaries.

"During our last rainy season a man at our compound came and told me a girl was lying in the rain on the veranda of an old tumble-down building, alone, and he said dying. He said she had been there three days, and asked that I do something for her. I said, 'Why don't you bring her here to the hospital? Why did you leave her there for three days? Go and bring her.' You see, it was easier for him to come and tell me, than to bring the girl in.

"I was busy about my work, and soon I looked out and saw two men bringing the child up the hospital steps by a leg and an arm. They are very careful (?) how they take care of females over there. That poor child was so weak we could scarcely understand what she said. We wooed her life back, and for three weeks she lay ill, too weak to talk to us. When she did recover sufficiently, she told this story to my little girl, 13 years old.

"This little native girl was a wife. She lived 18 miles from Kalyan. The famine had come. Her husband found he did not have meal enough to make bread for both his mother and his wife. So he told his wife to go. He divorced her. She went to her father's home, but her father didn't want her. He went out into the field with her, and threw her into a lake. Somehow, she struggled out, and he had not the heart to throw her in again. She went back to his house. What else could she do? She went to sleep on the cold floor. The next morning the house was deserted. Her father had taken his wife and other daughter, and had left. Not a particle of food was to be found there.

"The poor child started, weak as she was, to walk to Kalyan, begging on the way. India has millions who live by charity. The little girl tried to find work, but nobody would employ her. She was too weak to work. So she started back to Mumbai to die. When within a quarter of a mile of our station, she lay down on the veranda of the old, weather-beaten building, had been catching rain water in her hand to drink, and had been pulling and eating grass, as she said, 'to fill the hollow place here.' Day and night people were passing, but none took the trouble to help her. That, friends, is what caste means. That is what Mohammedanism means. That is heathenism. Only the religion of Jesus Christ tells men and women to 'love the Lord thy God with all thy heart, and all thy mind and all thy strength, and thy neighbor as thyself.' You can not expect Mohammedanism nor theosophy, the offspring of Hinduism, to know the love of God.

"At the end of a month she was able to sit up on the veranda. Then she said to my daughter, 'What are they doing up on that hill?' 'That is a school,' she was told. 'Boys and girls are learning to read and write.' 'Will you not take me up there?' she pleaded. We did take her to the school, and then her burning desire was to learn. As soon as she was strong enough, she entered the school, and before I left, told me she wanted me to train her to be a nurse.

"My album fair is in a savage breast,
Where darkness reigns, without a ray of light;

To write the name of Jesus there,
And point to worlds both bright and fair,

And see the pagan bow in prayer,
Is all my soul's delight."

When Elder and Dr. Wood began mission work in Kalyan, about seven years ago, they rented a bungalow belonging to Parsees, or fire worshippers. "In this country you blow out your matches, but if you were living with people who regarded fire as sacred, you would hake the match, not blow it, lest the fire be defiled, and the god be offended. We were obliged to consent that these Parsees burn incense in every room in the house each evening about sunset, and we also had a burning near our well. We lived in the Parsee bungalow for about a year.

"After locating our dwelling place, we sought for a building in which Mrs. Wood could begin her medical work. The natives had heard we were missionaries, and that we could speak the language. The Mohammedans and high caste Hindus did not want us there. They refused us any place in the better section of the city, so that we were driven to accept a tumble-down mud building in the shepherd's quarters. The walls were black with soot, for the natives have no stoves, and

Is Your Hair Turning Gray?

Gray hair gives one the appearance of age, though the gray haired person is not always old. You are as young as you look and act. So why be old?

Hair dyes are very harmful and the result of their use is often ridiculous if not serious.

I have a harmless compound, made of a special preparation that will restore gray hair to its natural color without staining the skin or without any other harmful effects.

It is necessary only to apply this preparation with a small brush until the desired color is obtained, and once a week thereafter.

NOTICE OF HIGH SCHOOL BOND ELECTION

Notice is hereby given to the qualified electors of Glendale Union High School District of Los Angeles County, California, that in accordance with the provisions of the Political Code of the State of California, an election will be held on the

27th Day of February, 1920.

at the polling places named in the hereinafter designated precincts in said High School District, between the hours of 8:00 a. m. and 6:00 p. m. (during which period and between which hours the polls shall remain open), for the purpose of voting upon the question of issuing and selling bonds of said High School District to the amount of Four Hundred Twenty-five Thousand Dollars, for the purpose of raising money for purchasing High School lots, for building or purchasing one or more High School buildings, or making alterations or additions to the High School building or buildings, for insuring High School buildings, for supplying High School buildings with furniture or necessary apparatus and for improving the grounds.

The said bonds proposed to be issued and sold shall be of the denomination of One Thousand Dollars each, and shall bear interest at the rate of five per cent per annum, payable annually, and shall be numbered from 1 to 425 consecutively as follows, to-wit:

Bonds Nos. 1 to 10 inclusive, each One Thousand Dollars, to run 1 year.	
Bonds Nos. 11 to 20 inclusive, each One Thousand Dollars, to run 2 years.	
Bonds Nos. 21 to 30 inclusive, each One Thousand Dollars, to run 3 years.	
Bonds Nos. 31 to 40 inclusive, each One Thousand Dollars, to run 4 years.	
Bonds Nos. 41 to 50 inclusive, each One Thousand Dollars, to run 5 years.	
Bonds Nos. 51 to 60 inclusive, each One Thousand Dollars, to run 6 years.	
Bonds Nos. 61 to 70 inclusive, each One Thousand Dollars, to run 7 years.	
Bonds Nos. 71 to 80 inclusive, each One Thousand Dollars, to run 8 years.	
Bonds Nos. 81 to 90 inclusive, each One Thousand Dollars, to run 9 years.	
Bonds Nos. 91 to 100 inclusive, each One Thousand Dollars, to run 10 years.	
Bonds Nos. 101 to 110 inclusive, each One Thousand Dollars, to run 11 years.	
Bonds Nos. 111 to 120 inclusive, each One Thousand Dollars, to run 12 years.	
Bonds Nos. 121 to 130 inclusive, each One Thousand Dollars, to run 13 years.	
Bonds Nos. 131 to 140 inclusive, each One Thousand Dollars, to run 14 years.	
Bonds Nos. 141 to 150 inclusive, each One Thousand Dollars, to run 15 years.

That for the purpose of holding said election, the said Glendale Union High School District shall be and it is hereby divided into four High School bond election precincts, designated as follows, to-wit:

CRESCENTA Precinct, Eagle Rock City Precinct, Glendale City Precinct, Glorietta Precinct. The said precincts, with their respective polling places and officers of election, shall be as follows:

CRESCENTA PRECINCT

Shall consist of all that portion of the Glendale Union High School District included within Crescenta School District. The polling place therein shall be the Crescenta School, and the officers of election shall be as follows:

Inspector: A. M. E. Schultz.
Judges: L. A. Potter, Rose G. Nettleton.

EAGLE ROCK CITY PRECINCT

Shall consist of all that portion of the Glendale Union High School District included within Eagle Rock City School District. The polling place therein shall be the Central School in said district, and the officers of election shall be as follows:

Inspector: G. N. Sprague.
Judges: Carrie A. Roberts, Mrs. A. Putnam.

GLENDAL CITY PRECINCT

Shall consist of all that portion of the Glendale Union High School District included within Glendale City School District. The polling place therein shall be the Glendale Union High School, and the officers of election shall be as follows:

Inspector: Wesley H. Bullis.
Judges: Joseph E. Henderson, Cora Hickman.

GLORIETTA PRECINCT

Shall consist of all that portion of the Glendale Union High School District included within Glorietta School District. The polling place therein shall be the Glorietta School, and the officers of election shall be as follows:

Inspector: Mrs. Mary B. Woodruff.
Judges: Mrs. Elizabeth Darlington, Mr. Frank O. Hough.

The said Inspector and Judges, above named, being competent and qualified electors of Glendale Union High School District, shall conduct such election at the time and in the respective places above set forth, and shall make return thereof pursuant to law. Each qualified elector of said Union High School District shall be entitled to vote only in the High School bond election precinct of which he is a resident.

IN WITNESS WHEREOF, we have hereunto set our hands this 5th day of February, 1920.

Hartley Shaw, Dr. A. L. Bryant, Claude O. Pulliam, Dan Campbell, Blanche A. Gardiner.
High School Board of Glendale Union High School District, Los Angeles County, California.

ADVENTISTS IN SESSION

(Continued from Page Two)

build their fires for cooking in the corner of the room. The cobwebs hung in festoons. The bats had built nests among the rafters, and the place was infested with insects. The natives of India believe in the transmigration of souls. They would not think of killing anything, not even the smallest insect. We used four or five gallons of kerosene and sweet oil, and plenty of whitewash in cleaning up the place.

"Today patients are coming to us from 25 villages. Until the present time we have been absolutely unable to do any evangelistic work in the thousands of native villages about us. No evangelist ever has been among them. They have never even heard the name of Christ, except in cases of those who have come to our dispensary or hospital. These natives in the villages are neither civilized nor Christianized.

"After purchasing ten acres of land on Sunset Ghat, we built a small dwelling house. Next we put up a small barn for our native ponies and carriage and a place for our syce, the man who cares for the horses. Then we built a brick building with six suites of rooms, for our native Christians. That building is now filled with nurses, compounders, schoolmasters and many little boys and girls.

"A large dormitory on the hill was the next building constructed. By crowding, it will house 200 or 300, and by adding verandas we can arrange sleeping accommodations for 500 or 600 boys. Next we built another workers' quarters, of three rooms. We also erected a school house and chapel; a comfortable brick building.

"Our building in the shepherd's quarters was altogether too small. We moved the dispensary into the finest building in the town, and used

the entire second floor. It was thought best to build a dispensary building at the mission, and save the rent we were paying in town. Then we built a hospital near the dispensary. Mrs. Wood soon found herself carrying the dispensary in town, the dispensary at the mission and doing further medical work in the mountains in the afternoons.

"Today we have the first Murati Seventh-day Adventist Church of India. Every Friday evening we hold a vesper service. We hold our Sabbath school and preaching service as you do here, only it is all in the Murati language.

"All our native Christians in India pay their full tithe. Our little Murati Church is sending funds to Africa and China for further mission work in those countries. I often hear Christians in America pray for the missionaries, but I have yet to hear an American Christian pray for the Christian converts of India. I think it is time prayer was offered for the native Christians who have stepped out of heathenism into the gospel light."

Nearly the entire day yesterday was spent by the delegates of the Pacific Union Conference in further study of their educational problems. Much of the time was devoted to the work of Pacific Union College at St. Helena, Cal. Prof. C. W. Irwin, president of the institution, submitted his quadrennial report, showing the college has 360 students this year, the heaviest enrollment since its establishment. He showed that the present resources of the institution amount to \$224,363.40.

Prof. Irwin pointed out that it has been necessary this year to refuse admittance, for lack of room, to a few students. "In order to make room for college students who wish to enter after the holidays this year, it was necessary to ask some parents to remove their younger children and place them in intermediate

Opportunity Seeks Men With Ready Cash

Having the ready cash promptly to meet big opportunities when they come along—that is the simple secret of many great successes. Make friends with opportunity—start an account at this bank. Our location is convenient to all.

schools or academies nearer home.

"During the period covered by this report, work has gone forward on the college building, but only as fast as funds were in hand for the work. Soon after the beginning of the present school year, a new and commodious library was opened for the use of the students. This contains good reading and study-room facilities, and nearly 6000 well selected books for use of all departments. The efficiency of the library has been increased nearly three-fold during the last four years. Substan-

tial additions have also been made in the biological and physical laboratories.

"A dining hall constructed to accommodate 200 boarders is now made to provide table space for 254, with an extra table on the veranda. Three cottages formerly situated too near the larger buildings, have now been removed and fitted up for the use of patrons and teachers. A new high pressure water system, with electric pump, has been installed

Mr. and Mrs. Flutot of 412 Oak Street and two sons, Edward and Robert, are spending a fortnight with Mr. Flutot's mother in Montebello.

Mr. and Mrs. Richard Gilbert of 622 South Columbus Avenue returned Tuesday from an extended trip to San Diego and Coronado Beach where they had a very pleasant time.

Mrs. F. B. Gonzales of 412 North Louise Street, unless the weather prevents, will motor to San Diego today with the relatives who are her house guests, her two sisters and her brother and his wife and daughter.

Members of the local Elks' Lodge are looking forward to their mid-March meeting when they expect to initiate a big class of candidates for membership and to entertain District Deputy Grand Exalted Ruler Joe Burke of Santa Ana.

The regular meeting of the Thursday Afternoon Club, which was to have been held at the Branch Library Building on Brand and Los Feliz Road Thursday afternoon, was postponed indefinitely or until the auditorium should cease to be in use for hospital purposes. A brief meeting of directors was held for the transaction of minor business.

Mrs. S. L. Gillan of 203 West Maple Street has had much pleasure in the entertainment of an old friend, Mrs. Olin, who recently returned from a lengthy stay in Sweden. Mrs. Gillan is expecting her father-in-law in the near future and Mrs. Olin and little daughter are now with Mr. and Mrs. Houdyshel on Orange Street.

Mrs. Harriet Frank of East Wilson Avenue has received letters from a sister in New York City saying that it has been the worst winter she has ever experienced there for intensely cold weather, heavy snow and ice. At the time she wrote all transportation facilities were clogged by snow except the subway lines and the elevated.

Miss Coral Griffith of Valley View Road, who was to have entertained today with a tea party for the Tuesday Afternoon Club building fund, has called off the function in which Mrs. Jack West was to have been an assisting hostess. She says that between the "flu" and the weather there seemed little prospect she would have any guests.

Mr. and Mrs. R. D. Angelica, who are now residing at Maryland and Doran, are thanking Providence that Mrs. Augustine, mother of Mrs. Angelica, is with them, for the husband and wife are both confined to their beds with influenza, though happily neither is critically ill. Mrs. Augustine is in sound health, however, and is able to look after their small son and to provide their meals, so they are getting through the ordeal very well.

Mr. and Mrs. David Gregg have been much concerned about the serious illness of their daughter, Bettie, who is attending the State University at Berkeley. She contracted influenza and was taken to a hospital, but they have been advised that she is very much better. Their daughter, Margaret, who was ill when brought home from school in the North a few weeks ago, is making slow but steady improvement. Mrs. Gregg reports.

Mr. and Mrs. A. P. Knight of 1305 East California Avenue are entertaining their sister, Dr. E. Helen Knight, of New York City. Dr. Knight has been spending the winter in Wisconsin and is now enjoying our California air and scenery.

Rev. C. A. Cole goes to Whittier this afternoon to deliver an address at the "Father and Son" banquet put on in the Friends' Church to help along the organization of groups of boys in the county Y. M. C. A. work. This will be the second address of the kind he has delivered recently in this cause.

Mr. and Mrs. L. W. Ball of 363 West Elk Street have been quite concerned about the illness of the son, William Ball, and his wife, who reside in Los Angeles and who were attacked by "flu" at the same time, but this morning they were relieved to receive word that both are improving and expect to make a speedy recovery.

Mrs. E. S. McKee, who had expected to entertain with one of the Tuesday Afternoon Club teas this afternoon, has been obliged to recall her invitations because of sickness in her family, three of her children having heavy colds. The doctor has said it is not influenza, but she has thought it wise not expose her friends to any chance of contracting colds.

Mr. and Mrs. B. L. Cline are grieving over the loss of their family horse and pet who died about ten days ago, and are divided in opinion as to whether the animal shall be replaced. Death resulted they suppose from some foreign substance in the hay, but they have no exact knowledge. Mr. Cline was greatly attached to the horse which was used for driving and for work around the large grounds of the Cline home.

Dr. W. A. MacPherson, who with his family resided in Glendale some years ago but returned to their former home in LeRoy, N. Y., to care for Mrs. McPherson's parents, writes that they long for California. He says, "Day after day for at least three weeks in January we had zero weather. We have two feet of snow upon the ground and more falling." The many Glendale friends of this family are anticipating their return.

Mrs. E. D. Baker of 1912 Gardena Avenue has said good-bye to her mother and brother who have been guests in her home and who have returned to San Francisco. She is now anticipating a visit from another brother, S. Winston Harrison, a college student at Stanford, who is one of the twenty-eight singers selected from Stanford's big Glee Club to make a tour of Southern California. They are booked for a concert in Los Angeles the latter part of March and he will of course make his headquarters with his sister in Glendale.

AMERICAN LEGION

Glendale Post, American Legion, held its regular meeting last evening in the Post hall. Three new members were initiated. Two matters were dwelt upon in the discussions for the good of the order. One of these was the need in these troublous reconstruction days of 100 per cent Americanism to combat the insidious propaganda of Bolshevism and anarchy, not only among the discontented workers but some of the rich idlers. The other subject was the matter of insurance for service men. The great carnival now being held by the American Legion Posts of Los Angeles, at Praeger Park, Washington Street and Grand Avenue, was commented on by several of those present and Glendale members were advised to participate. These Los Angeles Posts have secured the Wortham Circus and several regular carnival features. Next Friday, February 27, is Glendale night and the attendance of every Glendale service man on that occasion, as well as every other citizen who can, was urged.

FLOOD CONTROL PROGRESS

Engineer Daley reports all the piling driven as far as San Fernando Road bridge and from the S. P. right of way to the river channel. Those between the bridge and the S. P. culvert are yet to be driven. The big pile driver is at work putting down heavy wooden piles to reinforce the curves in the upper reaches of the Wash. Work begins today on the approaches to the concrete bridge on the east side of Brand. It is expected this will be open to traffic some time next week.

FUNERAL OF MRS. J. H. BERRY

The funeral of Mrs. James H. Berry, who died Wednesday evening at her home, 237 South Orange, will be held at the parlors of the Jewel City Undertaking Company on Saturday, 2 p. m., Rev. C. A. Cole officiating. Interment will be in Forest Lawn Memorial Cemetery.

PUFFERS ENTERTAIN FRIENDS

Mr. and Mrs. Fred C. Christian and Mr. and Mrs. Fred J. Shafer, all of Detroit, Mich., who are spending the winter in Los Angeles, were entertained at dinner Wednesday evening by Roscoe Puffer and wife, old friends of theirs when they lived in the Michigan metropol.

"The Classiest Theatre

in any suburban town near Los Angeles—showing the big films while they are new and being talked about—at regular picture show prices."

That is the way an eastern man describes the Palace Grand Theatre.

WHY STAY AT HOME

—when there is a metropolitan theatre in your own community, where you can see the same bills that you would see in the city without the trouble and expense of going there, and at lower prices, too.

Is it a question as to where the young people are to spend their evenings? Many parents bring their families to the Palace Grand, the children are happy and they are properly chaperoned at the same time, and the parents enjoy the shows as much as the younger members of the family.

You will want to see,

Bryant Washburn in the Six Best Cellars

His very funniest film. Also Joe Martin, the Monkey actor, in "A Jungle Gentleman." Saturday, February 21

ADVENTISTS IN SESSION

(Continued from Page 3)
with accessible hydrants at all the principal buildings.

"The teaching staff of the college has always striven to recognize the fact that 'it is the degree of moral power pervading the college that is a test of its prosperity.' Seven Bible classes are being conducted. Early morning prayer bands are held for all home students. The ministerial seminar meets each Sabbath morning, and is attended by about 40 prospective ministers and Bible workers. Every Sabbath afternoon a live foreign mission band holds its meetings.

"The week of prayer this year was a season of special blessing to our students. Three baptismal classes have been conducted during the year. Two baptismal services already have been held, and there probably will be two more before the year closes." Prof. Irwin said the college has, since its establishment, only a few years ago, graduated more than 300; ministers, Bible workers, teachers, physicians, nurses and other workers being in service both in America and foreign lands who received training at Pacific Union College.

The college president urged the need of a music practice hall, a gymnasium or suitable recreation hall, a domestic science building, a mechanical arts building, a small hospital for use in epidemics and for teaching treatments and health principles, a suitable printing shop and equipment, an up-to-date milking shed and dairy herd, and additional facilities for improving the farm and for the teaching of agriculture.

The rapid extension of our educational work," he said, "is making new demands upon the college. The increasing number of intermediate schools and of junior academies, is stressing the need of teacher-training facilities for teachers of intermediate as well as church school grade." Prof. Irwin urged an expansive policy in normal work, including the organization of a ten-grade normal department, with building and equipment adequate for the training of large numbers of parochial school and junior academy teachers.

The delegates passed unanimously the following resolution:

"Whereas, the college plant, when completed as now planned, will present a well balanced unit, providing to the limit of its capacity for dormitory, restaurant, classroom and auditorium facilities, and

"Whereas, any material enlargement in one feature will necessitate an increase in size of practically all of the others, and

"Whereas, relief from the present congestion in rooming, restaurant accommodations, etc., must be sought from some quarter, therefore,

"We recommend that provision be made in the academies and intermediate schools in the union conference for a larger percentage of academic students, thus allowing the college to accept a larger proportion of students of advanced grade."

BlueBird wash is "on the line by nine"

Why spend weary hours at hard work when BlueBird will do your washing for you? Discard the old rub-board which takes your strength and health.

Use the BlueBird Electric Clothes Washer. Fill the big copper tub with clothes. In six to eight minutes they are washed clean—cleaner than by any other washing process. Within an hour, at most, the whole week's wash is done.

All without the slightest effort by you. Even the wringing is done by motor. The confining drudgery of washday is no more.

And the clothes last five times longer when washed the BlueBird way, for there is no wear or tear, no possible way for clothes to be harmed.

See the handsome, all-white BlueBird Electric Clothes Washer. Still better—

Let us demonstrate BlueBird in your own home, free.

A small initial payment allows you to keep it. Savings in laundry expense more than pay for it. There's not the slightest obligation. Phone today.

See these BlueBird superiorities:

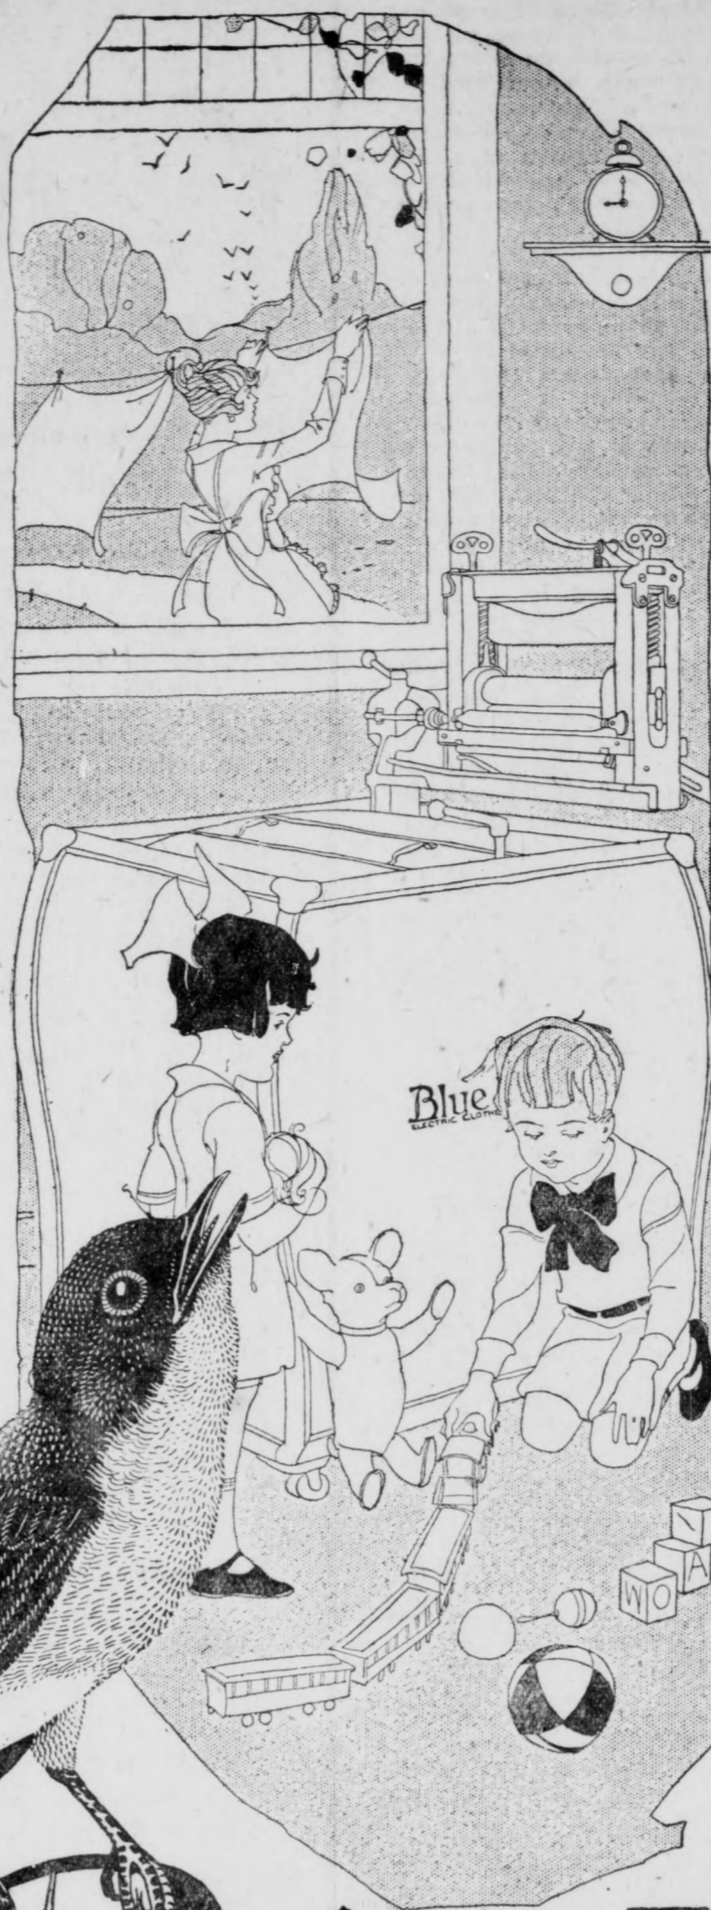

Handsome white enamel cabinet; table top; all mechanism protected. Heavy copper, extra large tub, can't discolor clothes. Inside perfectly smooth; nothing to wear or tear things. Washes by perfect rock-a-bye action; quickest, most thorough way.

Built for a life-time of service; extra strong, rigid frame; simple, dependable mechanism. Large, power driven wringer, swings to any position; adjusts automatically for light or heavy things. Highest grade guaranteed motor—powerful, dependable.

ELECTRIC CLOTHES WASHER

ment of our schools or city, and for that reason I have been reluctant to say anything on the subject and only do so now because I firmly believe we would do our school an injustice to invest this amount of money in the present unsuitable site and thus make it a permanent location where it will soon be outgrown and surrounded by noisy and unsightly business propositions. I will never be satisfied with any arrangement that does not have for its aim the ultimate removal from the present site to a more quiet and commodious location.

Improper from every standpoint and that all our plans should point towards acquiring a new school site chosen by all the people, where, at a propitious time, a new commodious High School, in every way a credit to the District, could be constructed. Let us build for a city and we will have a city.

H. M. Butts.

Architect Lindley Would Enlarge Present Buildings
Feb. 19, 1920.

Glendale Evening News:
I have been requested to make a statement regarding the Union High School situation as seen from my viewpoint. I therefore submit the following:

First, last and all the time I am in favor of our High School being furnished with all necessary buildings and equipment so as not to be handicapped in their work of educating our boys and girls and thereby fitting them for lives of usefulness. We all know that they are extremely handicapped at the present time because of inadequate facilities, and as one of the interested members of the "Union High School Welfare Association" I favor providing these facilities at the earliest possible moment, and in the following manner, viz: Increase the size of the present auditorium by changing the floor and extending it towards the south sufficiently to seat, on the main floor and a gallery, as many persons as will be required to allow for the probable growth of the school during the next five years, say, about 1500, and place the stage, etc., at the south end of this extension. A corridor will be provided along each side of this auditorium and at the opposite side of each of these will be placed new class rooms, on both first and second floors, as well as having the space under them in the basement story to use for such purposes as it will be best suited to, or needed for. Also a class room can be placed where the present stage is located.

This will make a splendid arrangement as to entrances and exits for the auditorium, the entrance doors being much better than at the present time, as the floor at rear end of auditorium will come on a level with the main corridor and not have dangerous steps inside as at present. The gallery will be entered from the present second floor corridor and additional exits will be located along the side corridors mentioned above. If suitable space can not be found in the new part of the basement story an additional girls' gymnasium could be built similar to the one the

(Continued on Page 8)

Sees No Reason For Purchase of Proposed High Priced Frontage

February 18, 1920.

Union High School Welfare Ass'n.
Glendale, Calif.
Gentlemen:

I have attended each of the Mass Meetings at the High School held as a preliminary to the proposed bond election and have listened to the discussions had there without having heard any valid reason for the purchase by the school board, for school purposes, of what is probably the most expensive unimproved business property in the City of Glendale. It seems to be conceded that the proposed purchase is more or less of a makeshift and that within a very few years the High School will require larger grounds and a more commanding and altogether desirable location. This being the case it would seem very unwise and extravagant for the district now to exhaust its financial resources without having accomplished any lasting benefit.

It seems clear that in the expenditure of the school funds the future of the High School should receive the gravest consideration and that a definite plan should be adopted and followed which would contemplate the acquisition now of a site for such a High School as the district should have, with the intention of establishing such High School upon such site within the next few years and thereupon utilizing the plant at the present location for Grammar School or other uses. I am heartily in accord with the forwarding looking plans of your organization.

Very truly yours,
Chas. L. Chandler.

Would Build For a City

It is with keen satisfaction I note the almost universal disapproval of the project to acquire expensive business property in the heart of Glendale on which to construct equally expensive school buildings.

It is with equal satisfaction I note the rapidly growing appreciation of the fact that the present location is

THE HIGH SCHOOL BOND QUESTION

(Continued from Page 1)

First: The purchase of the Brand Boulevard frontage for school purposes:

Second: The treatment of the present site with intent to make it permanent.

If any of the Brand frontage is taken, it should all be used from Harvard to Colorado. The taking of part of this frontage seriously damages the rest. Leaving a patch for business, is a severe detraction from the School plant as a whole.

Under present legal limitations, an auditorium can not be built with school money simply as a place of school assembly and civic uses. It must combine other school activities such as classroom, etc. This brings the actual school functions out to the business street within one block of the main commercial center of the city.

Any steps taken for the very necessary relief of the present overcrowded condition should be directed toward the ultimate use of the buildings for other purposes, civic or private, in the near future.

The former High School was moved from the corner of Brand and Broadway to avoid the encroachment of business when that menace was not nearly as marked and well developed as it is at present with reference to the proposed site.

I submit that the commercially active four corners of a business center do not constitute an essential requisite, in the curriculum of an American High School.

Chas. H. Toll.

Favors Conservative Plan

With the uncertain conditions that our whole country is facing at this time and not knowing what the present year may bring forth I do not feel that the Glendale High School District is justified at the present time to issue bonds for near-

ly one-half million dollars. I will concede that our High School pupils should and must have relief from the congested condition and am heartily in favor of any conservative plan to provide suitable quarters for them as soon as possible. I do not favor buying Brand Boulevard property for school purposes, as I believe our High School is situated too close to Brand Boulevard at the present time. I do favor the purchasing of the square block east of the present site.

Stephen C. Packer.
February 19, 1920.

Let Voters Choose Site for School

Looking to the future, as well as the present and to the educational as well as the financial, I am still of the opinion we should purchase fifteen or twenty acres in a location to be chosen by all qualified voters of the Glendale Union High School district.

Alex Mitchell.

Emphatically Favors New Location

I wish to state that I am first, last and all the time in favor of a new and suitable location for our High School and am consequently most decidedly against voting \$425,000 in bonds to be spent on the present downtown site.

I am in favor of making necessary additions to one or more of the present buildings so as to give immediate relief to the overcrowded condition and believe such additions could be so constructed as to make the buildings worth more for other purposes later on.

A. W. Beach.

Present Site Is Unsuitable

I am very anxious that all my friends know my exact attitude in regard to the coming High School Bond Election. I would regret exceedingly if because of anything said or done in the past my fellow citizens would form the opinion that I stood out against any bond issue or any measure tending for the better-

THE HIGH SCHOOL BOND QUES- TION

(Continued from Page 7)
boys now have, at comparatively
small cost.

By adopting this method of pro-
viding the needed facilities they
could be gotten ready for use at the
opening of school in the fall, as there
would be nothing to prevent imme-
diate action such as would be occa-
sioned by the process of purchasing
the land on which to build.

Another quite important feature
is the fact that by this method the
total cost of providing all of this
additional class room and auditori-
um space would not exceed approxi-
mately \$100,000, even at the pres-
ent extremely high cost of materials
and labor.

Now as to the proposed idea of
securing about one acre of Brand
Boulevard frontage at a cost of \$43-
000 for the purpose of erecting an
auditorium building on it, to me it
seems extremely inadvisable. In the
first place it would be in the midst
of the principal business street
which will become more and more
noisy as traffic increases; the build-
ing would be used for auditorium
purposes only as it would not be
practical for the school offices to be
located in it and separated so far
from the class rooms and study
halls; then for the auditorium build-
ing to be placed on that separate
piece of land it would not appear to
be any part of the High School
group; and it could not in any sense
be considered as a "civic auditori-
um," as the city would have nothing
to do with the management of it and
could not even use it for any pur-
pose without the special consent of
whoever might at any time consti-
tute the High School Board of Trus-
tees. For that reason it would never
be advisable to build in any loca-
tion an auditorium with greater
seating capacity than would be re-
quired for strictly school purposes.

According to my way of thinking,
a pleasing and symmetrical group of
High School buildings can never be
arranged on the present site, regard-
less of whatever adjoining land may
be secured, for they have not been
started right with the buildings al-
ready erected to make such an ac-
complishment possible. This fact, to-
gether with the one that the present
location is becoming more and more
undesirable for school purposes,
leads me to the conclusion that now
is the proper time to secure, at a
reasonable price, a new site compris-
ing some twelve to fifteen acres, in
a much better location, and at the
proper time, after the assessed valua-
tion of the Union High School Dis-
trict shall have materially increased
and conditions for building construc-
tion greatly improved, erect on it an
ideal group of High School buildings
which will be right up to date with
all the latest improvements that will
then be in vogue.

The present suggestion in connec-
tion with the bond election now called,
that the block east of South
Louise Street be purchased at the
cost of \$73,000 and to be used for
athletic purposes, still does not cor-
rect any of the difficulties and would
be like putting that much more money
into a bad investment.

To summarize, I would suggest
that instead of voting to spend the
\$425,000 as proposed in this bond
election, that we vote "NO" on this
proposition on February 27th and im-
mediately call another bond election
authorizing the sale of \$150,000,
with which to secure a new and bet-
ter site, giving the people the chance
to express their choice of several that
will have been proposed, at approxi-
mately \$45,000, furnish the much
needed additional facilities at the
present plant to care for the school
for the next five years at a cost of ap-
proximately \$100,000, and immedi-
ately prepare a proper sized and well
equipped athletic field on the new
site, which would be only a few
blocks distant, at a cost of approxi-
mately \$5000.

Under this method we could take
steps immediately after such election
and sale of the bonds to get at the
work and have the whole outfit ready
for use when the fall term opens.

Under the plan contemplated in
the present bond election it is not ex-
pected that the work will be com-
menced until next fall, and that it
will be another year before the im-
provements will be ready for use.

The payments on interest and sink-
ing fund that would have to be made
during the next five years on the
\$425,000 bond issue would equal the
total cost of the new site and pro-
posed improvements to care for the
needs of the school during that
period as outlined above; and dur-
ing that five years the present prop-
erty will have materially increased
in value, and the sale of it will pro-
vide funds with which to erect the
modern high school group on the new
site.

It would thus appear from this that
a present sale of \$150,000 of bonds
would, by this method, practically
finance our entire investment, both
present and future, and ultimately
provide us with a model group of
High School buildings and equipment
on an ideal location, and that with-
out interruption in our school ses-
sions either now or later, as the
present buildings can be used while
the new group are being built.

(Signed) Arthur G. Lindley.

Location is Most Important

I should like to say a few words
in explanation of my objections to

the purchase of the Brand Boulevard
site for High School purposes.

First and most important is the lo-
cation with the noise and confusion
incident to the business section.

Way down in her heart every wom-
an loves a bargain and when we
consider that acreage more fittingly
located can be had for the same
price, it seems only good business to
buy the acreage.

I am very strongly in favor of
meeting the educational needs of our
young men and women, for in them
lies the strength of the nation, but
let us not be misled as to those
needs. Let us act wisely and not
hastily. Do not let prejudice or
selfish financial interest enter into
this matter of such vital importance,
not only to ourselves but to the gen-
erations that will follow us. Let our
aim be to obtain for the girls and
boys who mean so much to our com-
munity, the greatest and most last-
ing benefits possible.

Mrs. Charles Miller Turek.

Vision Reaches into the Future

Glendale Union High School Wel-
fare Association:

I wish to add my word of approval
for the ways and means you plan, to
solve the High School situation. I
believe that necessary and only ab-
solutely necessary alterations should
be undertaken at this time. The
bond issue at present would be un-
wise and I feel sure it will be de-
feated.

You plan for a large tract so that
in the not distant future, Glendale
may have High School accommoda-
tions and equipment that will be a
credit to our community. I am sat-
isfied that your solution is the cor-
rect one and I will support the plan.

Jesse E. Smith.

TRUSTEES' MEETING

(Continued from Page 1)

The City Manager presented a
deed for twenty-five feet of a lot
on the west side of the Kenilworth
Tract, given by the Edwards and
Wilkey Company for street purposes.
The conditions attached to the deed
being to the effect that unless the
title is acquired to the property ad-
joining the easterly line of the prop-
erty described in the deed, by the
City of Glendale, within twelve
months from this date, the escrow
shall be cancelled and the deed re-
turned to the makers. All papers to
be deposited in the Bank of Glendale.
The matter was referred to the City
Attorney for certain corrections to
be made.

The City Manager reported having
written to the various owners of lots
required to be taken for the opening
of Pacific Avenue north of Broad-
way, and in this connection had re-
ceived a deed from the Title Insur-
ance and Trust Company for one of
the lots, accompanied by a bill for
two dollars (\$2.00). No action was
taken.

The City Manager reported that
the Glendale Sanitarium is establish-
ing an emergency hospital to aid in
caring for influenza patients, and
that charges for services to be made
by the sanitarium will be practically
the same as agreed upon by the City
of Glendale to apply to the munic-
ipal emergency hospital. On motion
of Trustee Shaw, the City Manager
was authorized to dispose of the
property belonging to the City se-
cured for the use of the Emergency
Hospital if arrangements can be
made with the Glendale Sanitarium
for taking care of patients who
would otherwise depend upon the
care proposed to be given them by
the City's Emergency Hospital.

On motion of Trustee Shaw, the
agreement between the City and J.
R. Grey as to the conveyance of
property for park purposes was re-
ferred to the City Attorney for re-
cording, etc.

On motion of Trustee Henry spec-
ifications for the construction of
driveways, as required by Ordinance
No. 366, to be known as specifica-
tions No. 32, and plan No. 367, was
adopted as Resolution No. 1088.

The City Attorney reported that
in the case of Lowe vs. the City of
Glendale, in connection with the
opening and widening of Adams St.,
decision had been given against the
city.

The City Attorney presented to
the Board the proposition of the
County of Los Angeles requesting
that outside cities join in with the
county in the case brought against
the various cities to determine the
disposition of various sums of mon-
ey collected by the various munic-
ipalities under the State Vehicle Act.
No action was taken.

Trustee Woodberry presented the
ordinance read at the previous meet-
ing of the Board, providing for an
industrial district, and moved its
adoption. The motion was seconded
and the ordinance adopted as
Ordinance No. 372.

On motion of Trustee Shaw, Dr.
J. E. Eckles was appointed Health
Officer of the City of Glendale.

On motion of Trustee Woodber-
ry it was ordered that the City Man-
ager, and City Attorney take up with
the owners of the Verdugo Canyon
Water Company a proposition on the
part of the City to acquire the
rights of such owners in the event
of the money being secured in ac-
cordance with the recently author-
ized bond issue.

A cat and dog hospital has been
established in South Pasadena, and
the neighbors anticipate just that
kind of a time after it gets started.

THE Lenten Season need harbor no food problems for the
housewife who knows her **Acme**. There are enough ap-
petizing sea foods to supply the daily menu with ample
variety.—and—as to brands, there are always the **better**
brands at your neighborhood Acme.

Warrenton Clams

Warrenton Razor Minced Clams

(there's the name in full, so that
you'll make no mistake when
buying)

—stand out so clearly as exception-
ally good, that you'll use this brand ex-
clusively once you've tried it.

—so yield to the impulse to try this
Warrenton brand; there a world of
food satisfaction in each tin of these,
whether in the form of a savory clam
broth, or served after the movies in any
one of a dozen ways.

—15c
—the doz. 1.75

brand; and there are as many brands
as there are varied tastes.

—you'll find your Acme's shelves
well supplied with what's most
desirable in sardines.

Heinz' Spaghetti

—all you have to do is to heat it and
serve.

—prepared from the recipe of a famous
Italian Chef, and so delicious that
whenever served compliments are
showered on the housewife.

—cooked with the well-known
Heinz tomato sauce and selected
cheese.

—small tin, 14c

—medium tin, 20c

Salmon

R. E. D. salmon lays claim to one
thing, and that is **salmon superiority**;
whenever your needs call for what is
best in salmon, you're quite safe in
telling the Acme attendant to hand you
R. E. D. salmon.

—the No. ½ tin, 30c

Liberty Pink salmon is a most satis-
factory grade —at 20c

No. 1 tall pink salmon, 22½c

Shrimps Armour's, 17½c

Oysters

—when it comes to a choice of canned
oysters, **Blue Points** point the way to
the satisfying brand.

28c

Sugar

—granulated sugar,

—and—a Saturday special,

—the 5 lb. pkg., 75c

—the 10 lb. pkg. 1.50

Sardines

—ask several their tastes in sardines
and no two will agree on the same

—be glad you have an Acme near you

Acme Market, 113-115 N. Brand Blvd., Glendale

WASH HUNT

Wash Hunt was born April 17,
1859, in St. Louis, Mo., and passed
away February 8, 1920, in Glen-
dale, Cal. He was married in St.
Louis to Emma Morrison, October
19, 1875. They went immediately
to Iowa, where in Victor he was as-
sociated in the grain and coal busi-
ness with his uncle, Wm. A. Patrick,
for twenty-six years.

Coming to California in 1903 they
lived in Pomona until five years ago,
when they came to Glendale.

Previous to his marriage he was
for a number of years an engineer
on the Missouri-Pacific Railway. He
leaves, besides his widow, a son,
Norman M. Hunt; a sister, Mrs. E. J.
Roberts, of Chicago, Ill., and two
brothers, James and Lewis, who live
in Kansas and Missouri. At the
time of his death Mr. Hunt was a
director in the American National
Bank of Pomona, which position he
had filled for a number of years.

All who knew him personally ap-
preciated his kindness of heart and
true worth and feel they have in-
deed lost a friend.

IOWA PICNIC POSTPONED

The Iowa Picnic which was to
have been held tomorrow (Sat-
urday) has been postponed on account
of bad weather and has been set for
February 28 at Lincoln (formerly
Eastlake) Park, where the full pro-
gram already announced will be car-
ried out.

With the leasing of a storeroom
in the Hurtt block for an auto, truck
and tractor agency, every business
room on Broadway is rented and all
but one on Brand.
